

GML

ISO/IEC 17020:2012 · TYPE-A ACCREDITED BODY

INSPECTION & CERTIFICATION SERVICES

Independent, accredited inspection across the energy sector
and heavy industry — delivering quality, reliability and
precision, 24 / 7 / 365.

— OUR FOUNDATION

AN INDEPENDENT INSPECTION BODY

Since 1985, GML Contractors Limited has been a cornerstone of industrial progress in Trinidad & Tobago. Our Inspection & Certification Division is accredited under ISO/IEC 17020:2012 as a fully independent Type-A body — the highest classification for impartiality under international standards.

- ✓ 40+ years of local industrial heritage
- ✓ Family-owned & community focused
- ✓ ISO/IEC 17020:2012 Type-A accredited
- ✓ Trusted partner to the energy sector

ISO/IEC 17020:2012 TYPE-A ACCREDITATION

ISO 17020 is the international standard for the competence of inspection bodies. Type-A is the highest classification — granted only to bodies operating with complete independence from the parties they inspect.

Fully Independent

No commercial ties to the entities we inspect — impartial findings guaranteed.

Highest Standard

Type-A is the strictest classification available under ISO 17020.

Subject to Audit

Unannounced verification audits by GCS ensure continued compliance.

Internationally Valid

Recognised by energy operators across the CARICOM member states.

Named Personnel

Every inspector is individually assessed and listed on the certificate.

CERTIFICATE OF CONFORMITY · ISSUED BY GCS

— OUR ACCREDITED SERVICES

FIVE SCOPES, ONE ACCREDITED PARTNER

Every scope below is named on our ISO/IEC 17020:2012 Type-A certificate — backed by full QA/QC documentation and CARICOM-recognised certificates issued on completion.

01

NDE INSPECTION**Non-Destructive Testing**

MPI · LPI · UT · VI flaw detection and wall-thickness measurement with digital reporting.

02

SURFACE PROTECTION**Painting & Coating**

Inland & offshore coating inspection to NACE & AMPP standards.

03

LIFTING EQUIPMENT**Cranes & Lifting Machines**

All crane types, proof load testing & lifting-gear certification to T&T Energy Color Code.

04

PLANT & EQUIPMENT**Plant & Equipment**

Compressors, generators, lighting towers, welding plants, hand tools & rigging gear.

05

OFFSHORE OPERATIONS**Offshore Cargo Carrying Units**

In-service CCU inspection to ISO 10855-3:2024, GCS 3.2-3:2024 & DNV-ST-E271.

+

ACROSS EVERY SCOPE**QA/QC & Documentation**

Full traceability, color-code & SWL verification, and certificates on completion.

NDE INSPECTION

01

NON-DESTRUCTIVE TESTING

ISO 17020 accredited non-destructive examination — comprehensive inspection reporting with full QA/QC documentation and digital records.

MPI**Magnetic Particle**

Surface & near-surface flaw detection in ferromagnetic materials.

LPI**Liquid Penetrant**

Surface-breaking defect detection via capillary action.

UT**Ultrasonic Testing**

Volumetric flaw detection & wall-thickness measurement.

VI**Visual Inspection**

Direct & remote examination for corrosion and code compliance.

✓ Holiday (porosity) testing

✓ Digital reporting & QA/QC records

PAINTING & COATING INSPECTION

CORROSION PROTECTION, VERIFIED

NACE / AMPP

SA 2.5+ PROFILE

Inland & offshore coating inspection by NACE/AMPP certified personnel — safeguarding long-term asset integrity from surface preparation through to the final film.

SURFACE PREPARATION**SA 2.5+ PROFILE**

Abrasive blasting to the specified profile with strict contamination control.

ADVANCED COATINGS**INDUSTRIAL & MARINE**

Protective systems including critical stripe-coat application and metalizing.

QUALITY ASSURANCE**DFT & ADHESION**

Dry-film-thickness verification, adhesion testing & full QA/QC documentation.

CERTIFIED OVERSIGHT**SSPC / AMPP**

Trained crews working under NACE/AMPP certified inspector supervision.

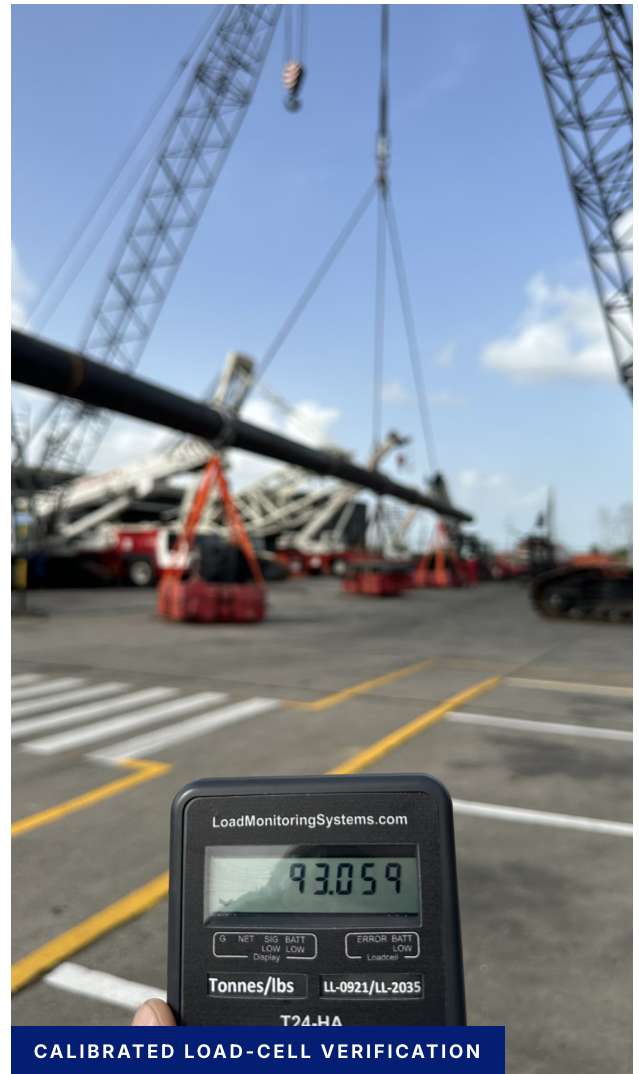

— LIFTING, PLANT & LOAD TESTING

CRANES, LIFTING & LOAD TESTING

ALLMI CERTIFIED

ISO 17020

PROOF LOAD TESTED

CRANES & ACCESSORIES

9 CRANE TYPES

Crawler · Overhead · Gantry · Offshore · Tower · Container · Track · Mobile · Telescopic, plus accessories.

PROOF LOAD TESTING

CALIBRATED LOAD CELLS

Water-weight & solid-load proof testing of cranes, davits, pad-eyes & lifting beams to certified SWL.

RIGGING & PLANT

IN-SERVICE GEAR

Slings, shackles & turnbuckles, plus compressors, generators, lighting towers & welding plants.

COMPLIANCE

COLOR CODE & SWL

T&T Energy Industry Color Code, SWL placarding, and certificate & documentation review.

OFFSHORE CCU INSPECTION

05

CARGO CARRYING UNITS

In-service inspection of offshore CCUs to ISO 10855-3:2024 and GCS 3.2-3:2024, referencing and interpreting DNV-ST-E271.

ISO 10855-3:2024

GCS 3.2-3:2024

DNV-ST-E271

INSPECTION SCOPE

- ✓ Structural frame & corner-fitting integrity
- ✓ Lifting sets, shackles & pad-eye inspection
- ✓ Placard, marking & colour-code verification
- ✓ Periodic & ad-hoc inspection programmes
- ✓ Door, hatch & closure mechanism checks
- ✓ Internal & external corrosion assessment
- ✓ Weight & SWL certification review
- ✓ Certificates issued on completion

— WHY CHOOSE GML

WE CERTIFY IT RIGHT

Our commitment to independence, quality and safety makes us the preferred inspection partner across the Caribbean.
